

Instructions for Scholastic Book Club Orders

Our “class code” is **TRYDP**.

There are 2 ways to place an order through Scholastic Book Club

- 1) Go to <https://clubs.scholastic.com/> and create an account for your child. Enter the teacher code “TRYDP” to link your account to the school account. Order your books and have them delivered free to the school for distribution. You can also view and order from other flyers online that might give you a wider selection.
- 2) Fill out the order form from the flyer that was sent home with your child using the class/teacher code “TRYDP”. Please make sure your child’s name is written on the order form and send it back to the school by the end of the month with a check payable to “Scholastic Book Clubs” (no cash payments can be accepted). I will then place all of the orders together shortly after the deadline and distribute the books to the students when they arrive. If you miss the mail-in deadline and still want to place an order, you may still be able to online.

If anyone has any questions, please bring them to my attention.

Thanks
